

PIAA COMPREHENSIVE INITIAL PRE-PARTICIPATION PHYSICAL EVALUATION

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first five Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3 and 4 by the student and parent/guardian; and Section 5 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be performed earlier than June 1st and shall be effective, regardless of when performed during a school year, until the next May 31st.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 6 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 7 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)

Date of Student's Birth: ____/____/____ Age of Student on Last Birthday: ____ Grade for Current School Year: ____

Current Physical Address _____

Current Home Phone # () _____ Parent/Guardian Current Cellular Phone # () _____

Fall Sport(s): _____ Winter Sport(s): _____ Spring Sport(s): _____

EMERGENCY INFORMATION

Parent's/Guardian's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Secondary Emergency Contact Person's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Medical Insurance Carrier _____ Policy Number _____

Address _____ Telephone # () _____

Family Physician's Name _____, MD or DO (circle one)

Address _____ Telephone # () _____

Student's Allergies _____

Student's Health Condition(s) of Which an Emergency Physician Should be Aware _____

Student's Prescription Medications _____

SECTION 2: CERTIFICATION OF PARENT/GUARDIAN

The student's parent/guardian must complete all parts of this form.

A. I hereby give my consent for _____ born on _____ who turned _____ on his/her last birthday, a student of _____ School and a resident of the _____ public school district, to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below.

Fall Sports	Signature of Parent or Guardian
Cross Country	
Field Hockey	
Football	
Golf	
Soccer	
Girls' Tennis	
Girls' Volleyball	
Water Polo	
Other	

Winter Sports	Signature of Parent or Guardian
Basketball	
Bowling	
Competitive Spirit Squad	
Girls' Gymnastics	
Rifle	
Swimming and Diving	
Track & Field (Indoor)	
Wrestling	
Other	

Spring Sports	Signature of Parent or Guardian
Baseball	
Boys' Lacrosse	
Girls' Lacrosse	
Softball	
Boys' Tennis	
Track & Field (Outdoor)	
Boys' Volleyball	
Other	

B. **Understanding of eligibility rules:** I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____/____/____

C. **Disclosure of records needed to determine eligibility:** To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____/____/____

D. **Permission to use name, likeness, and athletic information:** I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____/____/____

E. **Permission to administer emergency medical care:** I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 5: PIAA COMPREHENSIVE INITIAL PRE-PARTICIPATION PHYSICAL EVALUATION AND CERTIFICATION OF AUTHORIZED MEDICAL EXAMINER

Must be completed and signed by the Authorized Medical Examiner (AME) performing the herein named student's comprehensive initial pre-participation physical evaluation (CIPPE) and turned in to the Principal, or the Principal's designee, of the student's school.

Student's Name _____ Age _____ Grade _____

Enrolled in _____ School Sport(s) _____

Height _____ Weight _____ % Body Fat (optional) _____ Brachial Artery BP _____/_____/_____ (_____/_____, ____/____) RP _____

If either the brachial artery blood pressure (BP) or resting pulse (RP) is above the following levels, further evaluation by the student's primary care physician is recommended.

Age 10-12: BP: >126/82, RP: >104; **Age 13-15:** BP: >136/86, RP >100; **Age 16-25:** BP: >142/92, RP >96.

Vision: R 20/____ L 20/____ Corrected: YES NO (circle one) Pupils: Equal _____ Unequal _____

I hereby certify that I have reviewed the HEALTH HISTORY, performed a comprehensive initial pre-participation physical evaluation of the herein named student, and, on the basis of such evaluation and the student's HEALTH HISTORY, certify that, except as specified below, the student is physically fit to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in the sport(s) consented to by the student's parent/guardian in Section 2 of the PIAA Comprehensive Initial Pre-Participation Physical Evaluation form:

CLEARED **CLEARED**, with recommendation(s) for further evaluation or treatment for: _____

NOT CLEARED for the following types of sports (please check those that apply):

COLLISION CONTACT NON-CONTACT STRENUOUS MODERATELY STRENUOUS NON-STRENUOUS

Due to _____

Recommendation(s)/Referral(s) _____

AME's Name (print/type) _____ License # _____

Address _____ Phone () _____

AME's Signature _____ MD, DO, PAC, CRNP, or SNP (circle one) Date of CIPPE ____/____/____

SAINT VINCENT SPORTS MEDICINE SERVICES FURNISHED TO MERCYHURST PREP STUDENT ATHLETES

The sports medicine team at Mercyhurst Preparatory School includes the certified athletic trainer, team physician and sports medicine fellow. In addition to the PIAA Comprehensive Initial Pre-Participation Physical Exam, Mercyhurst Preparatory School has the following additional features to the sports medicine program:

1. Saint Vincent Sports Medicine physicians provide medical coverage at sporting events and sports physicals to student athletes at Mercyhurst Preparatory School. The physicians are affiliated with the Saint Vincent Primary Care Sports Medicine Fellowship program. The fellowship program provides additional training in the management of musculoskeletal injuries to board certified family practice physicians. The program also allows Saint Vincent Sports Medicine to provide physician services on site at the school at no cost to the parents, staffed by the sports medicine fellow and supervised by the supervising head team physician, Laura McIntosh, MD.
2. The National Federation of State High Schools Associations (NFHS) and PIAA guidelines and regulations will be followed regarding evaluation and return to play protocols for student athletes who sustain a concussion. Athletes will be evaluated by an appropriate medical provider if symptoms are longer than 15 minutes in duration. Mercyhurst Prep utilizes the ImPACT (Immediate Post-Concussion Assessment and Cognitive Testing) concussion program in our management of concussed student athletes. We obtain baseline data about your student athlete’s cognitive function, as well as post-concussive data if the student-athlete suffers a concussion. This testing is used as an aide for diagnosing and treating concussion and has no other academic role. The MPS concussion protocol is as follows: athlete must be removed from physical activity, including practices, competitions or out-of-season workouts; athlete will be held from all physical activity until he/she is no longer experiencing physical or cognitive symptoms and has been cleared to resume activities by an appropriate health care professional trained in area of concussions. The athlete’s return to sports will entail a gradual progression of activity, starting with endurance exercise and non-contact activity, with eventual return to contact activity and return to participation in practices/events. The athlete will need to participate in a full, unrestricted practice without symptoms before they will be returned to competition. Advancement through the return to play protocol will require the student athlete to be symptom-free at each stage of activity. An evaluating appropriate medical provider may make further recommendations or appropriate referrals as needed on an individual case basis.
3. Mercyhurst Prep utilizes the following modalities for treatment of athletic injuries: ice bags/packs, hot packs, therapeutic ultrasound and electrical stimulation. Appropriate modalities are performed by the certified athletic trainer upon evaluation of the athletic injury and will be performed on an as needed basis and at the discretion of the certified athletic trainer.

CONSENT TO FURNISHING OF SERVICES

I acknowledge that I have reviewed the above information pertaining to Mercyhurst Preparatory School’s sports medicine team.

I hereby give my consent to the Sports Medicine team to provide the appropriate medical care and treatment for my child for the 2012-2013 school year.

I hereby decline/refuse for medical care and treatment for my child for the 2012-2013 school year.
